Culture Change from the Inside Out:

*The role of a leader in fostering an effective culture
within their organization*

featuring Hugo Herrera, Stop At Nothing, Inc.

Whether people are aware of it or not, culture is always present in an organization. It plays a prominent role in influencing the behavior of individuals and is shaped by the leaders of an organization thru their actions and behaviors. Achieving clarity of our own internal

processes gives us the ability to choose how we act and the types of behaviors we foster within our own organization.
